

YOUR CAREER IN SPORT STARTS HERE

VET in Schools (VETiS)
Sport Coaching and Sport & Recreation
Certificate II + Certificate III
Touch Football
Years 10 | 11 | 12
1 & 2 year options available

PROGRAM OUTLINE

- Stage 1: Program Development**
- CSF Industry Trainer (IT) to develop a program aligned to the school's requirements and touch football sport accreditation
 - CSF IT to deliver the program or support and assist the teacher in program delivery
 - Map course units to activities and events around school and in broader Queensland Touch Football community

- Stage 2: Industry Engagement**
- Interactive classroom and outdoor activities incorporating direct industry engagement
 - Accreditation towards local sporting placements and paid work
 - Projects with stakeholders aligned to course units

- Stage 3: Career Transition & Pathway Plan**
- Map student's career interest
 - Career sessions with an industry panel
 - Work experience opportunities
 - Student pathway plan with options and linkages leveraging QTF and local networks providing smooth transitions

- Stage 4: Program Review & Assessment**
- Evaluation from students, teachers and industry experts
 - Overall feedback and outcomes

This is a partnership shared by school, local businesses and sporting communities in providing relevant and engaged learning that broadens each student's personal aspirations.

ABOUT CSF

CSF are an accredited training provider with over 12 years' experience. CSF is constantly searching for innovative solutions to enhance the learning outcomes of all students in the Sports and Recreation Industry. CSF provides its learners the tools and knowledge needed to become a successful working professional within their chosen field.

PROGRAM INITIATIVE

This program is part of the 'Jobs in Sport' initiative and partners with schools, communities, state and national sporting bodies. The program is designed to create local entry-level employment opportunities for students in the local sport industry.

This program aims to:

- Provide avenues for social interaction, develop self-worth, leadership skills and promote community involvement through sport as junior touch football officials and coaches
- Develop skill sets to meet industry, workplace requirements and sporting accreditation
- Build partnerships between touch football organisations, sporting bodies, local businesses, community and institutions
- Link opportunities for students through local touch football organisations

Our programs are community engaged, project based, visual and hands-on learning with our sporting groups and partners.

KEY OUTCOMES

- Certificate II and Certificate III accreditation specialised in Touch Football
- Students to obtain their sport accreditation as level 1 referee and Foundation Coach
- Up to 8 QCE points
- Further study opportunities
- Networking and career opportunities

Why Choose CSF?

- Touch Football specific lesson plans and resources meeting industry and sporting expectations
- Industry experts delivering on-site course content & special industry guests
- Flexibility of resources to suit you
- Ongoing Teacher Professional Development provided
- Practical experiences and career development aligned with a network of partners in the health, fitness and sport industries
- Established partnership with Queensland Touch Football, which can provide the opportunity for students to assist with local events and competitions in their community

WHAT IS VETiS?

Vocational Education and Training in Schools (VETiS) provides students with industry specific knowledge and qualifications. Students can undertake VETiS as part of their school studies, delivered by a registered training organisation (RTO).

Does it cost my School or Students?

VETiS initiative is funded by the Queensland Government. Training provided is fee-free upon eligibility. To find out more please visit <https://desbt.qld.gov.au/training/providers/funded/vetis>.

How do I enrol my school?

Contact Lee Shea, CSF Business Development Manager on 0423 845 980 or email lee@csf.edu.au.

Lee will arrange an initial consult to discuss how this program can help your school and meet key learning objectives.
